

## Technical data sheet

Nitrile satin glove, without support  
Ref. 830010

### Use:

Ideal for food and petrochemical industry. Industrial cleaning, aerospace, automotive and printing.

### Features:

Glove without support in satin nitrile.  
With resistance to solvents.  
Anti-slip for good grip in dry and wet conditions.  
Very good abrasion resistance.  
Chlorinated for greater chemical resistance.  
Extra light weight for sensitive touch and good dexterity.

Thickness: 0.28mm

Length: 33cm

Color: White

Size: 6-6,5 / 7-7,5 / 8-8,5 / 9-9,5

### Resilience level results:

EN388: Abrasion 3, Cut 0, Tear 0, Puncture 1

	Letter code	Level EN 374.3
<b>Metanol</b>	A	Nível 2
<b>Acetona</b>	B	Nível 2
<b>Hidróxido Sódico 40%</b>	K	Nível 3
